

# Heavy Duty Pallet Racking Protectors

Pallet racking protectors are required for fixed racking installations where industrial trucks are used (except where they are guided by rails).

Pallet Racking Protectors provide the ideal solution in most situations.

They can also be used to protect machinery, partition systems, rectangular columns etc.

Conform to standards BGR 234 and DIN 4844.

## Variants:

Right-angle: Two way protection.

U-profile: Three way protection.

**Surface treatment:** Powder coated yellow with black striping.

- For indoor use
- High quality steel
- Virtually indestructible
- Differing heights
