

Plastic Lockers

Vandal & Weather Resistant

- These polyethylene lockers are robust, hygienic and highly **vandal resistant**.
- They're also **weather-resistant**, which means they can be stacked outdoors in damp and cold environments without fear of rust and can be cleaned with a high pressure hose.
- Very popular with schools as the **lockers can be positioned externally** for massive space saving opportunities inside school buildings.
- Also suitable for harsh or corrosive environments such as: drilling and mining, fishing and agriculture, transport and storage, waste management and offshore industry.

- Lockers are available in 3 heights: 450mm, 600mm and 900mm and the base for all 3 heights is 320mm wide x 460mm deep.
- Locker bodies are grey with blue, red, yellow or green door options

- Tough polyethylene material – highly vandal resistant
- Retro fit sloping top – for hygiene areas
- Very strong hinge that can withstand 3200N before breaking
- Label position and air vents on all door sizes
- Easily stacked and nested with marked fixing points

Lock options available

Keylock with 2 keys

Swivel catch for use with padlock (padlock not supplied)
