

Automatic Low Level Skips

The skip can be easily positioned at the end of a conveyor, dross shoot or manufacturing line to collect bi-products that are below waist level.

The automatic tipping at high level enables the forklift / tele handler driver to empty the skip without leaving the safety of his seat.

Standard Features

- Low loading height
- Reinforced leading edge and body sides
- 4 way fork pocket entry
- Secondary Locking Mechanism to prevent accidental discharge
- Fully seam welded for retention of fluids
- Manual handle override
- Maximum fork section 150 x 60mm at 683mm centres
- Zinc plated twist screws for safe attachment to truck
- Painted bright orange for safety

Optional Features

- 125mm diameter nylon castors (Type 1177w)

Model	Nominal Capacity	Capacity	Length	Width	Height	Weight	C of G	LLC
1175w	0.7m ³	900kg	1380mm	910mm	540mm	215kg	630mm	Fork length: 530mm
1176w	1.0m ³	600kg	1380mm	1300mm	540mm	245kg	650mm	Fork length: 530mm
1177w	125mm dia nylon castors							

* Add 160mm to height to give overall skip height
