

Push-Along Snow Ploughs

Bi-directional blade makes it simple and easy to clear pathways in half the time and effort needed for conventional shovelling.

- Blade is manufactured from mild steel with high quality epoxy coated finish ensuring durability.
- Simple design allows you to remove the snow whilst keeping your body upright.
- Minimises work by pushing snow instead of lifting and throwing.
- Angled plough allows snow to easily slide off the side of the blade.
- Simply flip the handle over to choose which side the snow is ploughed to.
- Choice of two blade widths for narrow or wide pathways.

TYPE	6951	6952
Blade width	955mm	500mm
Blade depth	195mm	195mm
Handle height	1110mm	1110mm
Handle width	410mm	410mm
Weight	8kg	7kg
