

# Cantilever Mobile Steps

Cantilever Mobile Steps are the ideal solution to get to hard-to-reach areas.

While providing a stable platform, the operator can work directly over (hover) certain objects like Vehicles, Machinery and other equipment or tooling.

- Fixed handrails with chains to rear for ease of access
- Platform: 900mm deep x 730mm wide
- Tread depth: 200mm
- Cantilever overhang: 290mm from front of wheels, 380mm from axle
- Expanded metal tread provides excellent slip resistance and drainage
- Easy one-user manoeuvrability
- Side operated handlock
- Strong tubular steel construction
- Synthetic paint
- 1 year warranty
- 120kg work load capacity
- Colour: blue as standard

Please note: units supplied similar to images shown

No of Treads	Platform height	Overall height	Overall footprint W x D	Overhang from front of wheels	Type
6	1440mm	2410mm	900mm x 2000mm	290mm	6143
7	1730mm	2700mm	900mm x 2200mm	290mm	6144
8	1920mm	2890mm	900mm x 2400mm	290mm	6145
